KATHEA

Logitech Room Solutions for Barco ClickShare

Combining the power of Barco's wireless ClickShare conferencing systems and Logitech MeetUp and Rally conference cameras.

Logitech Room Solutions for Barco ClickShare include everything you need to equip conference rooms with one or two displays. Available in small, medium, and large configurations, these easy-to-buy and easy-to-set-up systems include one or two Barco ClickShare units, a Logitech camera and mounting and speaker accessories.

Systems arrive neatly packaged and ready to plug in and use. A setup guide shows how components fit together.

Logitech Room Solutions for Barco ClickShare

	Small	Medium	Large
			
Room size	Up to 6 seats	Up to 10 seats	Up to 16 seats
Room description	Designed for focus rooms and smaller conference rooms, the small configuration minimizes visible cabling (wireless connection to the user's PC) and saves space with the all-in-one Logitech MeetUp speaker and camera..	As rooms get bigger, tables grow longer, and people sit farther from the camera. That's why the medium configuration features Logitech Rally, a premium conferencecam that pairs an advanced camera with modular audio that scales to support rooms for up to 10 seats.	The large configuration upgrades to Rally Plus with two speakers for clear audio throughout the room. Dual mic pods expand coverage for up to 16 people.
